+250 789 870 584 | shalomjoyeux520@gmail.com | KK 715 Street, Kigali, Rwanda

EDUCATION

University of Rwanda – Kigali, Rwanda
BSC with honors, Information Technology

May 2022 - October 2026

TECHNICAL PROJECTS & ENGINEERING

Axon Project
Lead Engineer

Jan 2026 - Present

- Engineered IoT wearable hardware to stream live physiological data, enabling real-time vital sign analysis and proactive stroke prediction.
- Deployed a Random Forest classifier achieving 90% accuracy to instantly detect early stroke indicators from raw sensor data.

Parkshield | Carnegie Mellon University Africa Bridge Program
Engineering Team Lead

September 2025 - Present

- Direct an engineering team to build a live IoT-AI data pipeline, training predictive models on 200,000+ Kaggle wildlife images to power conservation dashboards.
- Transitioned the CMU Bridge program project into a dedicated startup, continuously refining our predictive models for real-world accuracy.

Getech Solutions
Co-Founder & Technical Lead

July 2024 - Present

- Direct end-to-end product engineering for custom digital platforms, empowering organizations to scale operational reach and community impact.
- Architect scalable web and mobile infrastructure for 3 partner organizations, supporting a combined active user base of 100,000+ individuals.

CYBERSECURITY & SYSTEMS EXPERIENCE

Senior Cyber Assistant
Africa Cybersecurity Consortium (ACC) - Hybrid

June 2024 - September 2025

- Performed Vulnerability Assessment & Penetration Testing (VAPT) on the Rukovoditel web app, executing incident response protocols and conducting risk assessments to secure network systems.

Network and Systems Support Intern
Rwanda Social Security Board (RSSB) - Kigali, Rwanda

March 2025 - May 2025

- Executed network administration and system configuration, bridging academic knowledge with real-world cybersecurity practices and IT support.

GLOBAL LEADERSHIP & CIVIC IMPACT

Unleash | Global Facilitator

October 2024 - Present

- Facilitated 10+ global design-thinking hackathons, mentoring 500+ youth to develop innovative, tech-driven solutions for the UN SDGs.

AIESEC Rwanda | Projects & Events Manager

July 2025 - June 2026

- Organized national events and workshops benefiting 10,000+ youth across Rwanda, securing strategic funding from National Bank of Rwanda and Vanguard Economy.

Millennium Campus Network | Team Lead Africa (GAC) & Millennium Fellow

Aug 2024 - Sept 2025

- Led a global evaluation team processing 60,000+ applications, directly driving the selection of 4,000+ Fellows across 290+ campuses worldwide.

United People Global (UPG) Sustainability Leader

March 2024 - November 2024

- Spearheaded targeted digital literacy programs, training 100+ youth in marginalized communities with foundational tech skills to drive employability.

Campus Director
Hult Prize Foundation - Kigali, Rwanda

November 2024 - August 2025

➤

Mentored 150+ university students across 50 startup teams to launch SDG-driven social enterprises, driving the OnCampus Program to rank #1 in Rwanda and among the top 25 in Sub-Saharan Africa.

CERTIFICATION & AWARDS

Data Science GCI World Program Matsuo-Iwasawa Laboratory, The University of Tokyo	Received: August 2026
Graduate Bridge Program Carnegie Mellon University Africa (CMU Africa)	Received: October 2025
Cyber Security - Advanced (DTP) Ministry of ICT and Innovation in Rwanda	Received: June 2025
1ST Prize Unleash Hack Rwanda Unleash	Received: August 2024
Google Cybersecurity Professional Certificate Google, Coursera	Received: June 2024
ALX AI Career Essentials ALX Rwanda	Received: April 2024

SKILL & COMPETENCIES

Programming & Databases: Python, SQL, Dart, TypeScript/JavaScript, C++
Cloud, Web & Tools: Arduino, Android Studio, Google Cloud Platform (GCP), Docker, Linux, Firebase, Next.js, NestJS, Flutter, Figma, Canva, VSCode, GitHub, Git
Data & Machine Learning: Machine Learning Model Deployment, Predictive Algorithms, Data Pipelines
Cybersecurity & IT Governance: Vulnerability Assessment (VAPT), System Administration
Design & UI/UX: Figma, Canva, User-Centric Design
Methodologies & Leadership: Agile Methodology, Design Thinking Facilitation, Purpose-Driven Leadership, Cross-Functional Team Management
